

Get this letter to Aqua Duck  
and Water Lily  
immediately!

## CALLING AQUA DUCK AND WATER LILY!

We need your help! With summertime here, the people of Tucson use more water than any other time of the year. We need you to be on the lookout for our arch villain! Yes - that devious, water-wasting Dribbler and his horrible henchmen are sneaking around and wasting our precious water. A drip here, a drop there and our water trickles away! We must conserve water today and stop the Dribbler in order to have water for the future. We cannot allow the Dribbler to waste our water! YOU MUST HELP US!

Your Mission:

Stop that dastardly Dribbler!

- Find the Dribbler's hangouts - the Dribbler could be anywhere we use water!
- Know how to stop the Dribbler - practice water conservation.
- Get help - tell people about stopping the Dribbler and conserving water!

We know you and Water Lily are super heroes but we can't stop the Dribbler without everyone's help! It's up to you to get help to stop that dastardly Dribbler!

Our future is in your hands!

GOOD LUCK!

Water Commissioner Dave Modeer
